EVFRYTHING READY FOR MAT CONTESTS

ALAN EUSTACE ARRIVED IN MARYVILLE LAST NIGHT.

FIRST BOUT AT 2:30 P.M.

Dr. D. J. Thomas Will Referee Both Matches—Eustace Is in Good Condition.

Alan Eustace arrived in Maryville last night and is in the best of condition for his bout with Paul Martinson tomorrow.

Eustace is 31 years old, 6 feet 2 inches in height and weighs 225 pounds.

In an interview with a Democrat-Forum reporter, Eustace said he began wrestling when he was 16 years old. He was partially paralyzed when he was 13 and began to take up physical culture work. His strength gradually returned and he was soon able to hold his own against the boys of the neighborhood.

Eustace lives at Wakefield, Kan., where his father is president of the Farmers and Merchants Bank. The young Eustace is manager of a large wheat farm near Wakefield.

He attended school at the Kansas State Agricultural College at Manhatten, taking a special course in agriculture.

Eustace started in the major league wrestling game when he was 26 years old. He wrestled Joe Stecher, the world champion, in 1919 and stayed with him twohours. Aboutayearlater he met Stanlius Zbyszco and wrestled with him for two hours. About a year later he met Stanilius Zbyszco and wrestled him for two hours. Eustace won from Zbyszco on a handicap. On July 4, 1922 he met Ed "Strangler" Lewis and won the first fall in 25 minutes. His foot was soon injured, however, and Lewis won the next two falls.

Eustace has met each one of the "Big Four"—Lewis, Pesek, Stecher and Zbysko and has gained falls from all of them.

Paul Martinson will arrive tonight. Jack McGill who meets Mervin Barnekman in a finish match is due in Maryville late tonight or early tomorrow morning.

The finishing touches are being put on the fair grounds today. A regulation ring has been constructed and all seats will be under cover.

Dr. D. J. Thomas will referee both matches. He has had a number of years' experience in the East in handling athletic events. In the matches handled here, he has always given satisfaction and has demonstrated his ability in knowing the technique of the mat game and giving quick decisions.

The wrestling show starts at 2:30 o'clock tomorrow afternoon. Radio return of the Dempsey-Gibbons fight at Shelby, Mont., will be received during the progress of the two wrestling matches.

The Maryville band will play during the wrestling show. Murray Welling, Roy Hanna and Burt Rowley will be at the ticket windows.

Eustace with Theodore Robinson, Ed Gray and E. C. Miller played golf at the Country Club this morning. Eustace made the course in a 51, Robinson in 49, Gray 58, and Miller 45.

Barackman An Easy Winner Over Bass

About forty persons from Maryville motored to Sheridan last night to see the Barackman-Bass wrestling match there.

Barackman toyed with his opponent for about forty minutes and then decided to pin his shoulders to the mat. The next fall was gained in twenty-five minutes. Leo Atherton, one of those from here who saw the match, said that Bass didn't have a chance at any time during the bout. Barackman simply used him as practice material for his bout with Jack McGill here tomorrow.

Vermont Fire Makes 15 Families Homeless

Hardwick, Ver., July 3.—Fifteen families were made homeless today by a fire which threatened the business section here. Seven buildings were destroyed and the damage was estimated at $150,000.

Aid was summoned from nearby towns. Company B of the National Guard at St. Joseph, was called out.

WILL RECEIVE BIG PRIZE FIGHT BLOW BY BLOW

When the gong sounds tomorrow afternoon at Shelby, Montana, sending Jack Dempsey and Tom Gibbons together in the world's heavyweight championship fight, a blow-by-blow description will be received by radio by The Democrat-Forum through special arrangement with Harry Todd of the Hanamo Telephone Company. The fight will be received at the fairgrounds during the wrestling match. It is expected the fight will start about 4 p. m. Maryville time.

COLONEL WILLIAMS INSPECTS BATTERY

SAYS LOCAL UNIT IS BEST HE HAS SEEN.

PRAISES PAPER WORK

Is Under Direction of Lieut. Rolf Raynor—Men are Told About Trip to Fort Sill.

Col. John F. Williams of Columbia inspected Battery C here last night.

"The battery in Maryville has the best attendance that I have seen in any national guard organization in Missouri," Colonel Williams said when the inspection was over.

Seventy-three members of the battery were present last night. The total membership is seventy-nine. The six members absent were out of jurisdiction as they had business which compelled them to be out of town last night.

Colonel Williams talked to the men about the trip to Fort Sill the latter part of this month. He assured them that they would be well fed and well taken care of during the stay in camp. There will be a swimming pool at the camp and it will be available to all those in attendance. In addition to swimming, other varieties of sports will be provided.

Every member of Battery C will be completely equipped for the trip to Fort Sill. Colonel Williams will see that more supplies are sent to Maryville before the men leave for camp.

Colonel Williams also inspected the unit at Burlington Junction yesterday.

In speaking of the paper work of the local battery, he said that it was the best that he had seen. This work is under the direction of Lieut. Rolf Raynor. The property valuation of Battery C is placed at $135,000.

Detours Removed on Road South of Here

All road work in Nodaway county south of Maryville has been completed and the detour signs removed, J. E. James superintendent of maintenance announced this morning. The work that has been recently completed is below the Davis School ten miles south of Maryville. A new culvert has been erected there as a part of the last McCullough-Morgan road project.

This crew of road workers will now go to the project between the Robers' corner and Wilcox. Mr. James reports that the roads are in pretty good condition especially to Burlington Junction, and to the east and north. He now has about eight miles of state road in Nodaway County under his supervision.

Missouri Advantages Debated at S. T. C.

A debate was held this morning in H. A. Miller's public speaking class on the question. "Resolved: That Missouri offers better advantages to the average citizens than any state in the union." The decision was very close but favored the negative side of the question.

The members of the teams were: Affirmative—Doy H. Carr and John Hollar, Negative—William DeVore and Wilbur Williams.

The public speaking class plans to make a study of debate for the next two weeks. Two single debates will be held each morning. Mr. Miller plans to have every one in his class have at least one chance to debate before the end of the summer term.

At Tourist Park

The following people registered at the tourist park yesterday evening: E. T. Gray and wife of Lemon, Colo., Emma and Gladys Mundell of Kansas City, Kan., Norma Robinson and Emment Rasnic of Barnard, U. S. and Glen Bradley of Harris, Mo., was on his return trip from California.

THEOLOGY SCHOOL TO BE AT CAMERON

JULY 30 TO AUGUST 8—DR. C. C. JAMES IS DEAN

2 SPEAKERS FROM HERE

Uel W. Lamkin and Miss Blanche Dow Will Give Lectures—Epworth Leagues to Meet

Uel W. Lamkin, president of the Northwest Missouri State Teachers College, Dr. C. C. James, pastor of the First M. E. Church, and Miss Blanche Dow of the department of expression of the Northwest Missouri State Teachers College, are on the program of the Missouri Conference Summer School of Theology which meets in Cameron July 30 to August 8.

Dr. C. C. James is chairman of the Board of Examiners and dean of the faculty of the Summer School of Theology.

President Lamkin will talk on "A Voice From the Bleachers". Miss Dow will give a series of seven lectures on the vocal interpretation of the Bible.

The purpose of the Summer School of Theology is to aid all ministers in securing the greatest possible training in the ten days of the special study. Ministers and their wives are eligible to attend the sessions. Young men who are preparing for the ministry are also eligible. This summer school is given for the benefit of those who have not had the privilege of attending a college or seminary. There will be four or five students from Nodaway County. The total attendance will be about thirty.

At night, joint sessions will be held with the Epworth League institute which meets in Cameron at the same time. About six delegates from Maryville will attend this Institute and about forty or fifty from Nodaway County.

Mrs. C. A. Jensen Dies Last Night

Had Been In Ill Health For Some Time—Funeral To Be Held Thursday At Church

Mrs. Elva McClurg Jensen, wife of Charles A. Jensen, Maryville merchant, died at 10:10 o'clock last night at the family residence, 322 West Fifth street. Death was due to a complication of diseases. She has been in ill health since the third of January.

Funeral services will be held at 2:30 o'clock Thursday afternoon at the First Presbyterian church conducted by the Rev. S. P. Allison. Burial will be in Miriam cemetery.

Elva McClurg Jensen was thirty-eight years old. She was born on a farm near Maryville and has always lived here. Her parents, who are both dead, were Mr. and Mrs. Thomas McClurg. She is survived by her husband and two daughters, Ruth and Mildred. Four brothers, H. H. McClurg of Rea, Mo., J. R. McClurg and T. L. McClurg, both of Pickering, and Sam McClurg of Maryville and four sisters, Mrs. William Hoover of Billings, Okla., Mrs. William Stewart of Fairfax, Mrs. W. T. Doyle and Mrs. Lillie Martin, both of Maryville, also survive.

College Athletes to St. Joseph Meet

Coach H. W. Leech of the College announced this morning that the College is sure of being represented in the Athletic meet in St. Joseph tomorrow. There will be a team composed of Richards, Murray, Thompson, Culp and Lamar, who will make the trip and vie for honors among some of the most noted athletes of the country. The trip will be made in cars.

Mr. and Mrs. J. W. Cornell and son, Roland and Mr. and Mrs. J. M. Hantze will spend the day tomorrow in Savannah.

DEMPSEY-GIBBONS FIGHT TOMORROW

TO MEET IN SHELBY, MONT., FOR WORLD TITLE.

AGREEMENT MADE TODAY

Kearns Has Agreed to Take Chances on Remaining $100,000 to Be Collected From Gate Receipts.

(Bulletin)

Shelby, Mont., July 3—Jack Kearns came to town this afternoon from Great Falls and in accordance with his new plans to take charge of the fight promotion, went at once to headquarters and began to take over the ticket sale.

A large staff of United States revenue men also landed in Shelby to insure the government's share of the receipts from furture sales and from past sales.

Box office men said that they could account for every penny and could make government returns on the amusement tax.

Great Falls, Mont., July 3—Jack Dempsey and Tom Gibbons will fight at Shelby, Montana tomorrow for the world's heavyweight championship under an agreement reached here at 2:30 o'clock this morning, mountain time, by which Jack Kearns, manager, of the champion, has agreed to accept the $210,000 already paid him and to take chances of collecting the remaining $100,000 from the first gate receipts.

Shelby, Mont., July 3—Jack Dempsey, champion, and Tom Gibbons, challenger, will step fifteen rounds or less, to a decision tomorrow in the hollow of a little Montana cow pasture, the strangest setting a bout for the world's championship has ever known. Sullivan and Mitchell fought in a downpour of rain with a favored few as spectators at Chantilly, France Sullivan and Corbett in the midst of the gayety that New Orleans once knew; Jeffries and Johnson with bearded miners looking on at Reno, Nev., and Johnson and Willard in the Latin-American atmosphere of Havana. It has remained however, for the American Legion of Montana to entice the principals of today into the sage brush, a hundred miles from the nearest cash customer.

Less than one thousand souls were in this forsaken community when the fight was signed for some months ago Today, the mud streets of the oil boom town are overrun with humanity—cowboys, well drillers, roustabouts, sporting men and the type of man who will follow a championship fight to the ends of the earth.

This is Shelby's Day

It is Shelby's day at last and the community is making the most of it. The town is living on the present, having forgotten the more or less immediate past when, for a time, it seemed as though the promoters would fail to meet their obligations and the fight would be allowed to go by default.

A crowd of 15,000 at an average price per ticket of $35 will give the promoters an even break on the financial end of the enterprise.

Gibbons has little to look forward to beyond a doubtful hope that he will win the championship. He is the sentimental favorite, but Dempsey carries the wise money at odds ranging

(Continued on page 4)

Half Minute Interviews

The question asked today was: "Who is your favorite presidential candidate for 1924?"

Marve Peery, Sisson Loan & Title Company: "I'm for MacAdoo; they want a business administration and he demonstrated by his war record that he can give it. We don't want a political administration."

Dan R. Baker, Democratic committee: "My candidate now is MacAdoo."

Dr. Jesse Miller, Sr., dentist: "Harding, of course."

Judge John M. Dawson: "W. G. MacAdoo, one of the really big men of the country," I think."

Harvey Haines, dry good merchant: "Warren G. Harding, of course."

W. C. Pierce, Farmers Trust Company: "Harding."

S. G. Gillam, Gillam-Jackson Loan and Trust Co.: "I don't have a favorite as yet, but it must be some man capable and of proven ability to put the government on a business basis."

FRENCH OCCUPY KRUPP WORKS

UNKNOWN WHETHER STEP IS PEMANENT

FRENCH PUSH EASTWARD

And Are Extending Their Lines—Infantry and Cavalry Forces On The Move

Berlin, July 3—French troops that were reported yesterday to be extending their occupation of the Ruhr, today moved their lines into the suburbs of Frankfort, according to a report received here.

(A news dispatch today from Paris said that the French war minister denied knowledge of new occupations in the Ruhr and declared that the French would not occupy Frankfort.)

London, July 3—Thirty persons were killed and fifty were injured when a Bucharest-Jaffy train was wrecked today, according to a dispatch from Bucharest.

Lee Strickler Dies Today at K. C. Hospital

Maryville Resident Had Been Ill For Over Year—Body To Be Brought Here For Funeral

Word was received in Maryville today by relatives of the death of Lee Strickler, who has been ill in the Christian Hospital at Kansas City. Mr. Strickler died at 12:15 o'clock today, following an illness of more than a year. James B. Cummins left for Kansas City this afternoon and will return with the body tomorrow. No funeral arrangements will be made until then.

Lee Strickler was 27 years old and is survived by his wife, his parents, Mr. and Mrs. G. W. Strickler of Skidmore and a sister, Miss Gertrude Strickler, attending college here. All were at his bedside at death.

Mr. Strickler was associated with the Sisson Loan and Title Co., for about a year an dhalf before the war. He was in government service for a year and later was in a detention camp in Florida. After the war, he was with Sisson until last July when his health faile dand he was forced to give up his position. He was in St. Francis Hospital here and a few months later was taken to the Christian hospital in Kansas City where he died. He was operated on for an abcess of the hip and several blood transfusions were made.

Alleged "Whipping Boss" Takes Stand

Lake City, La., July 3.—Thomas W. Higginbotham, alleged "whipping boss," today took the stand to plead his life before the jury that heard the state witnesses testify that it was he with his seven-pound lash that took the life of Martin Tabert of Munich, N. D.

Higginbotham was the first witness called to the stand when the trial resumed today.

Suspect of Denver Robbery Is Held

Philadelphia, July 3—After having held officials at bay in a cafe with a brass ornament concealed in his pocket so as to resemble a pistol, James Cunningham, 28, suspected as being one of the $200,000 Denver Mint bandits, was arrested here today and held on a $3,000 bail.

Jeffries Will Boss Willard-Firpo Bout

New York, July 3.—James J. Jeffries, former heavyweight champion of the world, was today selected to referee the Jess Willard-Luis Firpo fight at Jersey City on the night of July 12.

No Clues to Bandits and $38,000 Pay Roll

St. Louis, July 3.—Failing to find any trace of the seven daring bandits, who held up officials of the United Railways Company late yesterday and escaped with a $38,000 payroll, the police today are warning small towns within a radius of 200 miles to be on the lookout for the bandits. All roads leaving the city have been carefully guarded but the police have no clues on the car in which the bandits escaped.

Mr. and Mrs. H. B. McConkey and children, Arminda and Elmer, spent Sunday in Omaha.

No Paper Tomorrow

As tomorrow is the Fourth of July, there will be no issue of The Democrat-Forum.

Bandits Attack Harvest Hands

Wichita, Kan., July 3—Two harvest hands are believed to be fatally wounded and the other injured in a fight early this morning between a group of harvest hands and two bandits, who tried to hold up the party, which was riding the train near here.

The bandits came suddenly upon the men, who were on a flat car and ordered them to hold up their hands. Several of the party demurred. Resistance started and several workers were felled by the bandits bullets. Others kept up the fighting and drove the bandits from the train.

FRANCE DISCUSSES RUHR WITH ENGLAND

REPARATIONS ALSO UP IN CONVERSATION AT LONDON.

OUTCOME IS UNKNOWN

Tension Between England and France Increased Over Situation—Independent British Action Urged.

London, July 3—Count De Saint Aulaire, French ambassador to London, and Lord Curzon, British foreign secretary of foreign affairs, conferred here for an hour this afternoon on the points of variance between the two nations upon the Ruhr occupation and reparation settlement.

No announcement was made of the result of the conference.

London, July 3—Tension between England and France on the Ruhr and reparation problems was increased today as a result of developments that have delayed the conversation yesterday between County De Saint Aulaire, French ambassador to London and Lord Curzon, British secretary of foreign affairs.

Count De Saint Aulaire was expected to visit the foreign office and to make verbal reply to Lord Curzon's question desiring to ascertain the present state of French policies in the Ruhr. The French are interested in the German passive resistance, which has been a stumbling block to concerted action on the part of the allies.

Press comment which was responsible for the failure of the two countries getting together Monday, suggested today that the "time was ripe for independent action on the part of England."

Such a suggestion, given in a semi-official tone, was resented in Paris and denied in part by the British foreign office.

Identify One For Electrician's Death

Another Held On Suspicion In Murder Of Non-Union Worker Beaten To Death Yesterday

Kansas City, July 3—Raymond Shults, union construction worker, was identified today as one of the four men, who yesterday beat to death with their hands J. A. Rose, non-union electrical worker.

Shults was positively identified by James Harris, who saw the attackers leave the new house, in which Rose and R. C. Olden, another non-union electrical worker, were installing electrical fixtures.

Positive identification of Wm. J. Mathews, non-union construction worker, who was arrested with Shults could not be made. Both men were held, however.

Shults was positively connected with the affair when the police identified the license number of the auto in which the four men drove away. The license on the car was issued to the accused man.

Rose and Olden were attacked when they told the men they were not members of the electrical workers union. Olden is in a serious condition.

Pierce Reappointed as Member of Board

Jefferson City, July 3—Governor Hyde Monday reappointed W. C. Pierce of Maryville and R. M. White of Mexico as a member of the state eleemosynary board, each for a term ending June 19, 1927.

HARDING LAUDS TRAIL BLAZERS

IN ADDRESS BEFORE THOUSANDS AT ANNIVERSARY OREGON TRAIL

U. S. GAVE OPPORTUNITY

Pioneers Did the Real Work—Is Opposed to Government's Hands in Too Many Things.

Meacham, July 3.—President Harding joined here today with thousands of Oregonians in paying tribute to the heroic pioneers, who nearly a century ago, blazed the trail to Oregon and fashioned from the wilderness that they found there, the great Northwest of today.

The President was the principal speaker at the 80th anniversary of the Oregon Trail and commended the spirit of the pioneers as worthy of emulation by Americans today.

The trail blazers, he pointed out, asked nothing from the government at Washington but an opportunity to try; they even had to battle against strong and short-sighted opposition from the government for the opportunity to cross the unchartered wilderness and Harding read into this a pointed lesson for those of today who think that the government ought to dip into anything and everything.

"This lesson," said Mr. Harding, "cannot fail to impress itself by the record of the pioneers in conquering the whole West.

"Greater things have been wrought, larger accomplishments have been recorded, and greater victories have been won in this inspiring attitude of the pioneers than could ever have been attained by any paternalism or government assistance.

"Governments may do well to provide the opportunity but the work to be accomplished is the privilege and duty of men."

Dr. Harding to Talk on Astronomy Here

University Of Arkansas Professor Will Lecture At The College July 11

On Wednesday, July 11th Dr. A. M. Harding an extension lecturer of the University of Arkansas will speak at the College assembly. Dr. Harding is an astronomer of national note and is just returning from a lecture trip in the Northeast. The subject on which he will speak at the assembly probably will be "A Citizen of the Universe." Following this address he will speak to the astronomy class and also be on other assembly programs. He will be here for two days.

Among his other lectures will be illustrated talks on, "Other Worlds Than Ours." In this he will discuss the theories that make the earth revolve around the sun, what keeps the sun hot, why it is that the sun does not cool off, and if all the universe was created just for the benefit of the earth.

He will also speak on our relations to other planets, the origin of the earth, the end of the world, and life in other worlds.

There will not be a college assembly this week on account of the Fourth of July holiday, Wednesday.

Fireworks to Go on Sale Here Tomorrow

Although little has been said about fireworks for the kiddies Fourth of July this year, everything from pinwheels, torpedoes and nigger chasers, to sky-rockets and Roman candles will be available at the Maryville stores in the morning. An ordinance in Maryville prohibits their sale here until in the morning but some of the merchants have been taking advance orders for them for delivery in the morning. Fire crackers and fire works have greatly decreased in popularity the past few years—but it wouldn't be the Fourth without a few of them.

Omaha Guests Here.

Mr. and Mrs. Lyle Gray of Omaha, Nebr., arrived in Maryville yesterday for a few days' visit at the home of Mrs. Gray's father, Ed Masters and family, and with other relatives here.

THE WEATHER

Partly cloudy tonight and Wednesday, possibly a thundershower; not much change in temperature.

THE DEMOCRAT-FORUM

LARGEST CIRCULATION IN NODAWAY COUNTY

NO INDEMNITIES.

Turkey and the Allies have agreed to renounce war indemnities. England keeps $25,000,000 of Turkish money that she seized in London when Turkey entered the war, and the Allies also keep $30,000,000 that Turkey had deposited in France, but beyond that the slate is wiped clean. The Allies ask nothing further from Turkey, for the harm she did them in the big war, and Turkey asks nothing from the Allies for hostile acts since the armistice.

Presumably this settlement applies also to the big indemnity which Turkey has been demanding from Greece for the latter country's invasion of Asia Minor.

It is just as well. The Allies would get nothing out of Turkey, that would pay for the trouble of collection. And if Turkey insisted on that indemnity for Greece, there would be a new war, exhausting both countries.

The agreement induces reflections about the other indemnities growing out of the World War—or "reparations," as the Allies prefer to call them—particularly the German indemnity. It becomes increasingly doubtful whether anything worth while can be extracted from Germany in atonement for the immeasureable damage she wrought.

It becomes increasingly clear that now and hereafter even victorious warfare does not pay—that the victors cannot hope to collect their own expenses. And this, more than any treaties or peace organizations, may prove to be the chief deterrent against future aggression.

LOOK OUT FOR THE HORSES

The faithful truck or family horse will have an unhappy time of it through these summer months if owners and drivers are not considerate. Human beings can adjust their work to the temperature. If they feel the heat, then they can let up a little and not push themselves too hard under a scorching sun.

But the dumb beast has no such chance to favor himself. In many cases he gets just the same weight to pull on a hot day as he would on a cool afternoon of autumn.

Drivers should give a thought to the toiling beast under his fur coat and ask how they would like to be thus loaded with the thermometer at 90.

When a man reaches for his hip pocket nowadays one doesn't know whether it is a threat or a promise.

It has been computed that the average man speaks $11,000,000 words in the course of a year. And the average woman—well, they are not through figuring yet.

In order that nobody will be seriously affected by the shock, the American Woolen Company (the wool trust) announces right now that woolens and worsteds "will be very much higher" next spring than last spring.

A man who had a German life insurance policy for $5,000 on the Tontine plan found that it had matured recently. He thought he would cash it in American money. He got 20 cents in American coin. With money dropping like that it is no wonder that brokerage houses in New York, some of them reputable houses, are failing. Foreign exchange is a dangerous thing to fool with and will be as long as Europe does not quit fighting and scheming and get down to business. Gambling in doubtful securities is risky and small investors who have a few spare dollars should invest them in some good, safe American security.

It is right and fitting that we commemorate the birth of this country, but it is not proper to make of it a day of human sacrifice, a slaughter of the innocents, or nerve destroyer. The long train of accidents and deaths annually in the past has caused the authorities in larger places to prohibit the sale and use of explosives to oth-

John Deere and International Hay Machinery, Mowing Machines, Side Delivery Rakes and Loaders. Holt Supply Co.

er than experienced parties and to make the use of powder a municipal rather than a private privilege. The children should enjoy themselves, in a safe way, not only on July fourth, but every day, but there is a tendency to set apart a multitude of holidays in this country for the purpose of celebrating great events and of totally disregarding the purposes of the day when it arrives. An Independence day which is only an excuse to make a noise would as well be not celebrated. Celebrations which foster patriotism, emphasize the glory of liberty and the blessings of freedom, are worth while and do not risk the loss of a finger or any serious discomfort to shattered nerves.

25 Years Ago

Today's St. Joseph Gazette contained the following in their twenty-five years ago column:

Will C. Orear, prominent citizen of Maryville, died at his home after a very short illness.

Funeral For Heifner Baby

Funeral services for Mildred Louise the infant daughter of Mr. and Mrs. Roscoe Heifner, who died yesterday evening at 7 o'clock were held this afternoon at the Heifner residence on North Main street. The Rev. Joseph A. Cooper had charge of the services and burial was in Miriam cemetery.

SOCIETY

Highland Club Picnic.

The Highland Club and their families will enjoy a picnic supper tomorrow evening at 6:30 at Sunset Farm, the country home of Mr. and Mrs. A. R. Robinson.

Eastern Star Picnic.

The Eastern Star chapter of Maryville will have a picnic Friday evening at 6 o'clock at the home of Mrs. John White. All members of the Eastern Star club of the college will be guests of the local chapter.

Sunday Dinner Guests.

Mr. and Mrs. A. T. Dunn had for their Sunday dinner guests the latter's cousin, Mrs. C. M. Peterson and daughters, Mary, Ruth and Helen of Calhan, Col. and Mrs. Amelia Outs of Maryville. Afternoon guests were Mr. and Mrs. Clyde Linville.

Party at Blue Bird Garden

Thirty members of "The Deacon Entangled" company were entertained at the Blue Bird gardens yesterday evening by the Oxford club and Miss Bess Scott. Music on the Brunswick was furnished throughout the evening and dancing was a feature of the evening's entertainment.

Picnic at Jobs.

A picnic will be held tomorrow at the country home of Mr. and Mrs. William Job, Sr. The guests will include Mr. and Mrs. T. B. Gill and granddaughter, Jane of Atascadero, California, Mr. and Mrs. O. L. Job, N. Chilcott of Fairfield, Ia., Mr. and Mrs. William Job, Jr., Mr. and Mrs. Harve Thompson and family, Mr. and Mrs. O. L. Shell, Mr. and Mrs. S. Ashford, Thelma Ashford, Grace Sallee, and Mrs. Richardson and daughter, Davy.

Slumber Party

Misses Martha Kennedy and Marie Cloud will entertain with a swimming party followed by a slumber party at the home of the latter, 224 East Seventh street, tonight. Their guests will include Mrs. Kenneth Fordyce of Burlington Junction, Mrs. Walter Nixson, Misses Alice McMurry, Alice Welling, Ora Mae Condon and her guest, Hazel Hopkins of Rock Port, Dorothy Rowley, Matie Price, Ruth Bookman, Mabel and Evelyn Raines, Ruth Houchens, Margaret Remus and Hazel Pugh.

Line Party At Empire

Miss Lucile Wright and Miss Marie Wright entertained with a line party at the Empire theatre last evening in honor of their guest, Miss Geraldine Wright of Iowa City, Ia. After the show refreshments were served at the Maryville Drug store. The guests included Misses Ora Mae Condon, Matie Price, Alice McMurry, Alice Welling, Margaret Remus, Marie Cloud, Margaret Lott, Mabel and Evelyn Raines, and Hazel Hopkins of Rock Port.

Picnic For Gills

Mr. and Mrs. E. F. Shelton entertained with a picnic Sunday at their home west of Maryville in honor of Mr. and Mrs. T. B. Gill, granddaughter, Jane of Atascarero, Calif. Besides the honor guests those present were Mr. and Mrs. William Job, Mr. and Mrs. O. L. Shell, Mr. and Mrs. O. J. Willhoyte, Mr. and Mrs. Harold Thompson, Mr. and Mrs. Ernest Willhoyte, Mr. and Mrs. William Job, Jr., Mr. and Mrs. Harve Booth, Mr. and Mrs. Arch Willhoyte, Mr. and Mrs. Jess Smith, Mr. and Mrs. O. L. Job, Mrs. T. M. Trullinger, Mrs. M. J. Willhoyte, B. A. Fite, Georgia and Martha Shelton, Eva Honer, Leora and Roberta Willhoyte, Pauline Thompson, Grace Sallee, Hazel Mitchell, Helen Marjorie and Katherine Job, Edith Smith, Earl Trullinger, Amos Shelton, Kenneth and Shelton Thompson. Benny Willhoyte, Jimmy Bruce, Ross Smith, Truman and Billy Shelton, Wilfred and Welburn Thompson Wilson Thompson and Edward Shelton.

Surprise for Mr. Henderson

Mrs. Earl Henderson entertained with a picnic supper at the college park yesterday evening in honor of her husband's birthday anniversary. Those present included Mr. and Mrs. Gorman Powers and son, Verlin, Mr. and Mrs. Ed Dale, Mrs. Charles Vance and son, Charles, Mr. and Mrs. R. M. Barry and niece, Marguerite Hallum, Mr. and Mrs. J. W. Cornell and son, Roland, Mildred Sandison, Mrs. T. B. Mumma and children, Pauline and Victor, T. H. Leet, Mrs. N. F. Humber, Mrs. Frank Weidner, Mrs. Mahala Burns, Misses Noma Robinson, Helen Tebow, Ermel Rasnic, Viola, Dorothea, and Mary Henderson, the honor guest and the hostesses.

Birthday Party

Mr. and Mrs. H. B. McConkey entertained a number of young people at their home on North Walnut street yesterday afternoon in honor of the eleventh birthday anniversary of their daughter, Arminda. Games were played throughout the afternoon and refreshments of ice cream and cake were served by the hostess. Decorations of red, white and blue were carried out in all the rooms. The guests included Viola Henderson, Margaret Deering, Mildred and Dorothy Lemon, Eudora Smith, Bertha Claire Garten, Ruth and Helen Cramer, Helen Palmer, Harland Farrar, Elbert Barrett, Edwin and Lavern Dawson, Harry Trullinger, Lester Whitehead, Elmer McConkey and the honor guest.

Van Koevering-Tebow

Mr. and Mrs. Charles C. Tebow have received announcement of the marriage of their son, Frank G. to Miss Jennie Van Koevering of New Zeeland, Mich. The wedding took place at the home of the brides parents, Mr. and Mrs. John Van Koevering, the evening of June 29. Both Mr. and Mrs. Tebow are graduates of the Moody Institute and Mr. Tebow has been in Washington as an evangelistic singer for the past year.

Picnic at College Park.

The employees of the Yehle Dry Goods Co. had a surprise picnic at the college park last evening in honor of Miss Marie Cook, who has recently taken a position with the Townsend Wholesale Grocery Co., and Miss Ina Hallowell, who will leave soon for Washington, Kan., to spend the remainder of the summer. Those present were Mrs. S. Masters, Misses Charity Wiseman, Frances Davidson, Marie Sturm, Effie Drumm, Gertrude Condon, Mildred Nicholas, Ethel Muntz, Prudye Saunders, Irene Babb, Irene Tobin, Jettie Robinson, Rose Flannigan, Theresa Yehle, Kate Yehle, Lena Tarpley, Helen Riffe, Addie Yeo, Faye Castillo, Dora Masters, Pearl Booth, Mrs. E. E. Rhodes, Mrs. L. B. Tracy, Mrs. Margaret Thompson, Mrs. Brownley, Mrs. Bohart, Mrs. Hazel Sturm and the honor guests.

Entertained at Dinner.

Mr. and Mrs. J. K. Sawyers, Sr., gave a dinner Sunday in honor of the latter's sister, Mrs. H. A. Sawyers, of St. Joseph, who is visiting Mrs. Sawyers. Besides the honor guests those present were: Mr. and Mrs. Karl Zimmerman and children, Martha Sue and Henry Zimmerman, Eleanor Agnes Sawyers, Harold and Henry Sawyers and the host and hostess.

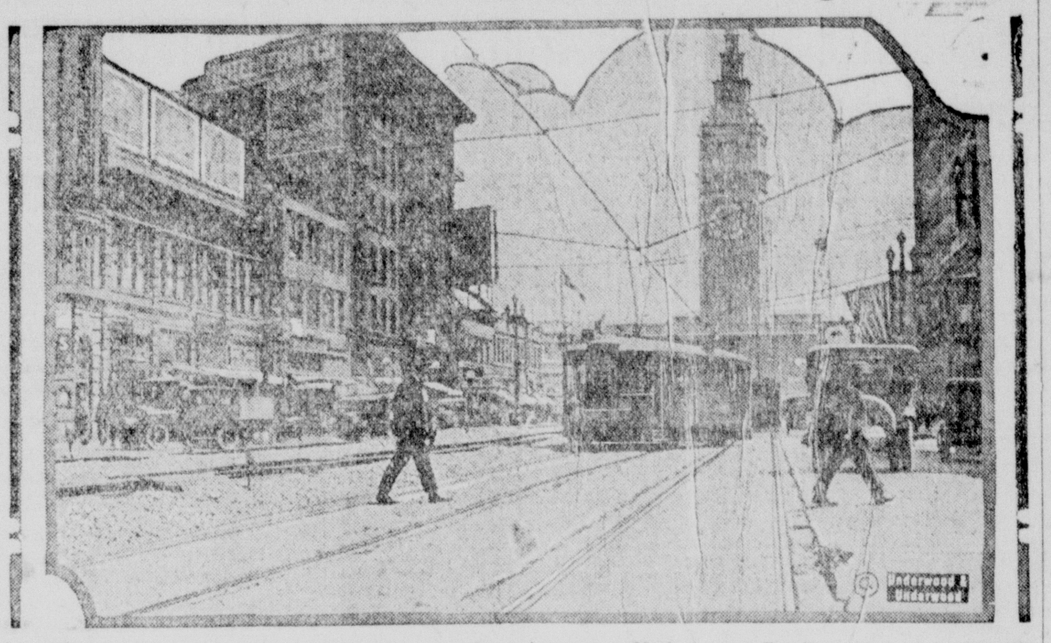
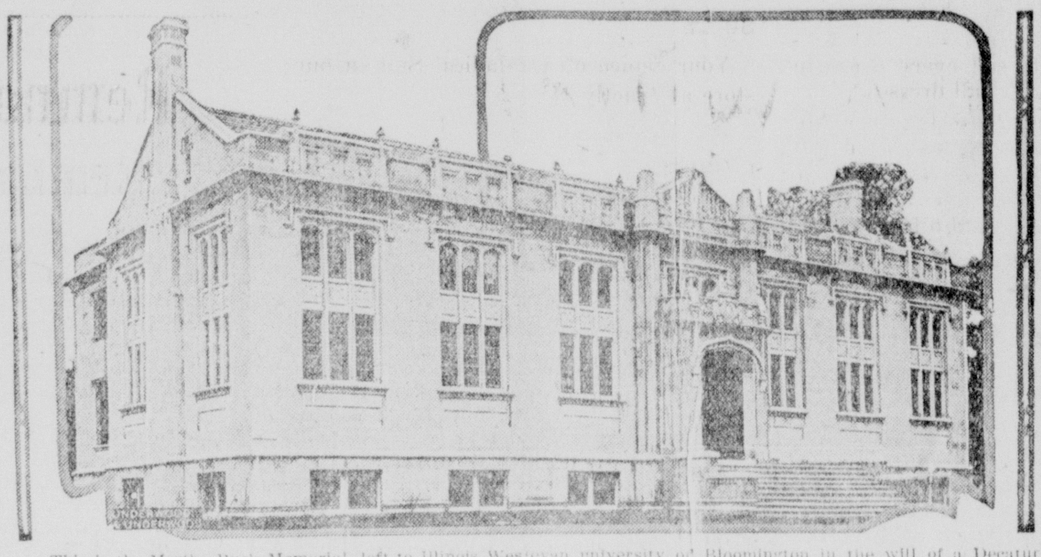
San Francisco's Main Street Sinking



Weighted down by the tremendous tonnage of modern skyscrapers, Market street, San Francisco's main thoroughfare between the Ferry and First street, is slowly but surely sinking into the black ooze of the bay. According to City Engineer M. M. O'Shaughnessy, the street has sunk 17 inches since 1906, or an inch a year. Steps will be taken at once by the city engineering department to prevent the encroachment of the sea.

Fine Library of Illinois Wesleyan Is Dedicated



This is the Martha Buck Memorial, left to Illinois Wesleyan university of Bloomington in the will of a Decatur widow, which was dedicated recently. This building of marble is said to be the finest college library in the West. The architecture is of the Tudor-Gothic type and the structure is absolutely fireproof, the only wood utilized being in the tables and shelving.

Pickett-McPhail

Announcement has been made of the marriage of Vera Sayler Pickett daughter of Judge J. H. Sayler of Maryville to Forrest McPhail of Salina, Kansas on September 24, 1922. Mrs. McPhail has been in Salina for some time. Mr. McPhail is a fireman on the Union Pacific Railroad. They will make their home in Salina.

Card of Thanks

We wish to thank our many friends and good neighbors for the sympathy shown us during the long sickness and death of our loving wife and mother and for the beautiful floral offerings.

Drink "Grape Bo-Kay" --it's O.K.

A rich red refreshment with a luscious grape flavor—not unlike a sweet red wine—a sparkling, cooling beverage. At all fountains or by the case from your grocer.

Mixed with fresh fruits, it makes a delightful punch for lawn parties, picnics and other summer entertainments—may be used also to give flavor to frozen ices and pudding sauces.

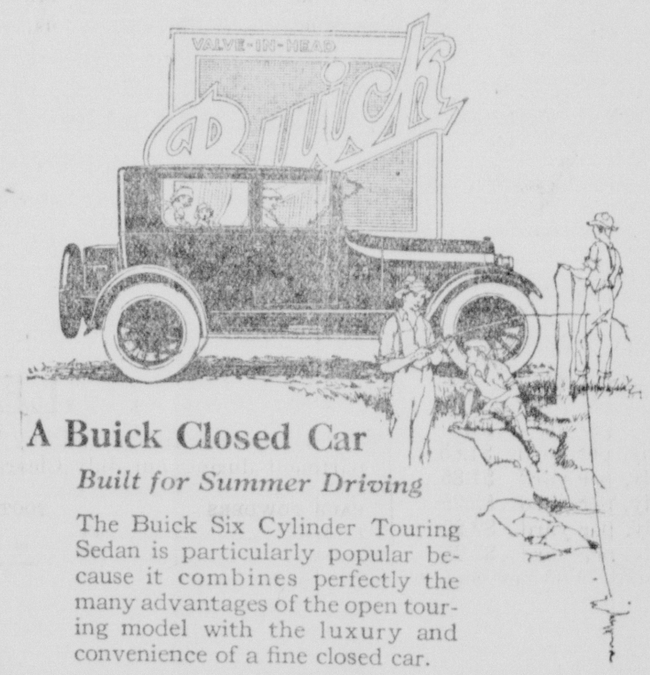
A PLEASANT PLACE FOR GENTLE FOLKS.



A Buick Closed Car

Built for Summer Driving

The Buick Six Cylinder Touring Sedan is particularly popular because it combines perfectly the many advantages of the open touring model with the luxury and convenience of a fine closed car.

The wide windows provide touring car airiness; yet in case of a summer shower or dust storm, a turn of the hand instantly protects the occupants without obstructing their vision.

Buick traditional performance, power, dependability and riding comfort are worthily typified in this Touring Sedan.

Forumettes

There are other
Things than the law
Of gravitation which
Keep a man from rising.

Some small boys will burn up money tomorrow in fireworks while a lot of their fathers wil lburn up more in gasoline.

No sooner does warm weather arrive than a lot of Maryville street bounders don their open-at-the-neck shirts.

This may be the age of speed but any Maryville merchant will tell you that it has not yet struck bill paying.

It too often happens that we exchange our bank account for experience.

All of us can remember the day when we were afraid to open a telegram as it was considered that bad news was always sent that way.

Uncle Abner says there are a lot of other things on earth harder to keep than money.

The observer of the passer-by in Maryville tells us that many girls who would shy at showing their arms in a party dress now boldly walk Main street without even a suggestion of a sleeve.

A local lawyer told his stenographer the other morning when she appeared in a summery dress that she looked as "cool as a cucumber" and she immediately looked up the word "cucumber" in the dictionary to see just how cool it is.

It seems too many of us have forgotten the words of that old song about sowing "seeds of kindness."

We read the other day that a vegetable diet would enable you to do more work. What is the use of working if that is all the reward you get?

FALL FROM PONY BREAKS HARRY ZIMMERMAN'S ARM.

Henry Sawyers Zimmerman, 7-year-old son of Mr. and Mrs. Karl Zimmerman, west of Maryville, is in the hospital today as a result of a broken arm sustained Sunday evening when he fell from his pony. Both bones in the forearm of his right arm was broken.

No Hope for Mrs. Gex.

Mrs. R. B. Gex, Sr., who is in a serious condition at a St. Joseph hospital, is reported worse today. She suffered a sinking spell yesterday evening and attending physicians have given up hope of her recovery. All ten of her children are at her bedside.

Marriage License Issued.

A marriage license was issued this afternoon to Clifford D. Cross of Shenandoah, Ia., who will marry Ila Holden of Clarinda, Ia.

Are Visiting Here

Mr. and Mrs. Fred Hawkins of Kansas City are visiting in Maryville with Mr. and Mrs. Mike Liston and other relatives. Mr. Hawkins is with the American Express Co., at the Union Station in that city.

George P. Shoptaugh of Elmo was in Maryville today. He reported a big rain at Elmo this morning.

Make your Vacation Trip in Your Car

That's the ideal way to spend your vacation; you don't have to depend on trains and train connections; your time is your own to enjoy.

But before you go, have us overhaul your car so that the trip may be free from motor trouble and be really enjoyable.

We have the best mechanics to be had and use the best of repair materials.

DEMPSEY-GIBBONS FIGHT TOMORROW

Continued from page one

as high as 2 to 1.

Jack Not Worried?

Reports have been current that Jack has taken the issue none too seriously and is not in the best of condition, but the gamblers are saying it with greenbacks. Seemingly Dempsey is to be returned an easy winner, if the odds mean anything. However, it has been a bad year for the championship and Gibbons must be granted the fact that he has worked himself to the pinnacle of human condition for the issue. If Tom cannot win today he never will.

One thing in his favor is the fact that Dempsey, like many another before him, has been an idle champion. He has fought only once in the last three years and that was a mere gallop with the inept Carpentier. It is barely possible that Jack will be a trifle ring rusty tomorrow and may have his troubles in reaching Gibbons, who is as fast as a flash of light and can hit hard enough to bring any man down.

Many Gibbons K. O.'s

He has scored many quick knockouts since he began boxing as a middleweight back in 1913, but his victims, for the most part, have been men of ill repute or none at all. He has been accused of picking pushovers, but the fact of the matter is that few of the top notchers have fancied his game. Billy Miske, Harry Greb, Battling Levinsky and others of some standing were able to stick around with Gibbons to the end and several times landed the verdict.

Dempsey's record is far more impressive. He began fighting in 1915, and after panhandling through the tall grass for several years suddenly came into prominence in 1918 through a succession of quick knockouts over the leading challengers, the trail leading up to Jess Willard at Toledo on July 4 1919, when Dempsey beat the giant into human hamburger in three rounds and became world's champion. Since then he has engaged in only three title bouts. All were won by the power of his punch, the victims being Miske, Bill Brennan and Carpentier.

Bankers Win From Farm Loan Men

The banking department defeated by 2 up the farm loan department of the Farmers Trust Co., in a golf game played yesterday afternoon at the Country Club. After the game, the losers gave a picnic to the winners. The banking department was represented by M. S. Hamilton, Arch Frank, Mitchell Welling and George L. Willey. The farm loan department was represented by M. M. Curnutt, W. H. Allen, W. N. Deatherage and Harry Snyder.

Young Girl Up Before the County Court

Lela Jessie Hewitt who was assulted by James Dewyre and Jacob Vulgamott of Burlington Junction on Friday night, was up before the county court this afternoon as a complaint had been issued the girl was insane. Her father, W. G. Hewitt of near Pickering, was in attendance at the hearing and testified that the girl was in the asylum in St. Joseph for about six months and was paroled from that institution about one year ago. He said the girl was between 17 and 18 years old. As the Hewitt family moved to Nodaway County only a few months ago, the county court feels that the girl should be taken care of by the Buchanan County Court. No decision had been made in the case at press time this afternoon.

Catholic Bishop to Be Buried Friday

Alton, Ill., July 3.—The Rt. Reverend James Ryan, bishop of the Alton diocese and senior Catholic bishop in the United States in service, will be laid to rest next Friday, according to funeral arrangements announced today.

Kansas Visitors Here.

Mr. and Mrs. W. J. Glenn, Mrs. Ralph Deubanks and son, Rodger, and Miss Gladys Glenn of Holton, Kansas, are expected to arrive in Maryville tomorrow for a few days' visit at the home of Mr. and Mrs. E. W. Glenn, 421 West Eleventh street.

Guests At Cummins Home

Mr. and Mrs. Frank M. Cummins have as their guests Miss Florence Muelhaupt of Des Moines, Ia., and Hugo Marxer of Warrensburg. Mr. and Mrs. William Dixon of Columbus, Ohio are expected to arrive in Maryville tonight for a few day's visit at the Cummins home.

National Bank Call

Washington, July 3—The Comptroller of the Currency issued a call for the conditions of all national banks at the close of business, June 30.

COMMITTEE GIVES RULES FOR CONTEST

GOLF PLAYERS MUST DESIGNATE THEIR OFFICIAL ROUND.

MAY PLAY ANY TIME

Scores Turned in Must Be Witnessed by Spectator or Player—Each Must Get Handicap.

The Committee on Greens and the Tournament Committee of the Maryville Country Club have agreed that the following rules should govern the handicap contest to be held at the golf grounds tomorrow. The players may play any time during the day, but they must designate the particular round which is to be their official round, or match round. Each player must couple up with another player and each score turned must have a spectator or player as a witness to it.

Each player may see what his particular handicap is by looking on the score board at the refreshment parlor and if a person has not been handicapped he should see F. C. Miller and get his handicap before he starts his official round.

The following rules must govern:

1. The course is to be played in the regular manner from hole 1 to 9.
2. All holes must be played from the Tee.
3. The ball may be teed any place on the course, but it cannot be moved more than twelve inches from the spot where it lies and in no case can it be placed in the direction of the green.
4. All lost balls must count one additional stroke.
5. All strokes at the ball in which the club passes over the ball must be counted as one stroke.
6. When a ball is shot out of bounds the player may take his choice of accepting the distance and place his ball in bounds from where the ball lies and count one additional stroke, or shoot another ball from the original lie and count only the one actual stroke made.
7. All balls may be laid out of the ditch, but must be played from the far side of the ditch and one additional stroke must be counted.
8. When a duh shot has been driven from the Tee and the player elects to shoot another ball from the Tee he must count the second drive as his third stroke.

The committee requests that when a ball is lost that each player see that only a reasonable amount of time is used to look for the ball and then to allow any waiting players to pass on through. When a foursome has once been given the right of way the foursome having lost the ball must not again begin to play until the foursome going through is out of the reach of their next stroke.

Picnic at College Park.

Mrs. Ralph Alloway, Lena Alloway and William Treese entertained a number of young people in the college park Sunday evening in honor of the birth day of Gladys Alloway. The evening was spent in playing games, after which refreshments of ice cream and cake were served. The guests included Mr. and Mrs. Nick Wagner, Mina and Mildred Hughes, Bertha Treese, Rowena, Mary and Cordelia Shinabargar, Opal Wagner, Henrietta Hildreth, Marjean and Irene Alloway, Marguerite Reece, Frank, Crystal and William Treese, George Wagner, Carl Hildreth, Claude Shinabargar, Ted Cyple, Alvin Davis, the honor guest and the hostesses.

Convict Makes Own Car While in Prison

Claude Franch Of Perry County Has Made Application For Commutation—Is Life Termer

Jefferson City, Mo., July 3.—A life term prisoner has built a car which he expects to drive out of the penitentiary when he is given his freedom. He has made application to have his sentence commuted and is hopeful for a favorable outcome.

He is Claude French of Perry County, convicted of murder nine years ago. French has worked at the automobile during spare moments in the last three months when not working at his daily task.

He started with a Ford chassis and engine. The remainder is home made or donated to him by friends. He is a painter by trade and works in the penitentiary automobile paint shop.

Townspeople and friends donated the lights, bumpers and other accessories. He has a pair of Oklahoma license plates on it and said he intended to go to Oklahoma when released.

When complete it will be a one-seated sport model runabout with modern equipment and accessories, most of which he has made himself.

Read Democrat-Forum Want Ads.

MAY SPAN U. S. IN AIR IN ONE DAY

IF WEATHER PERMITS AVIATOR WILL START TOMORROW.

WILL MAKE FOUR STOPS

First at Dayton, Second, St. Joseph, Mo., and Third in Utah.

Mineola, L. I., July 3.—Breakfast in New York at sunrise and supper in San Francisco before dark. That is what Lieut. Robert E. Maughan, army aviator, predicted today.

He has just completed the United States fastest plant the Curtis V-15, the 400-horse powered "streak of greased lightning," upon which the army is depending to establish a new world's record.

"The weather is the only element of chance," he said, "the plane is ready and so am I.

"If the weather permits I shall hop off tomorrow; if not, I will wait until the first favorable day."

Lieut. Maughan plans to make four stops on the way. The first stop will be at McCook Field, Dayton, O., where the plane will be tested and refueled and within thirty minutes he expects to be on his way to his second stop at St. Joseph, Mo. His next stop will be at Cheyenne, Wyo., and Salduo, Utah, next. From there to San Francisco it is 420 miles.

Ford Producing 6,700 Cars and Trucks Daily

Detroit, Mich., July 3.—June finds the Ford Motor Company undertaking the greatest task of its career, that of attempting to fill an order list for cars and trucks which totals 311,000 for the month.

Popularity of the Ford never has been so strikingly illustrated as this year, for every month has brought increasing orders with June topping them all.

And the demand for the Ford extends into every section of the country, for dealers from the smallest town to the largest city all have asked for increased allotments of Ford cars and trucks for delivery to their customers.

Production has been steadily moved upward right along and the enormous manufacturing facilities of the company are daily being taxed to the utmost in an endeavor to meet the demand, and to assist in delivering cars with as little delay as possible.

During the present month production is on a schedule which calls for approximately 6,700 cars and trucks a day, another increase in the record-breaking output which sales demand make necessary.

Ask That Flag Be Displayed Tomorrow

American Legion Gives Instructions Regarding Proper Way of Displaying American Emblem.

The members of the James Edward Gray post of the American Legion urge that every home and business house in Maryville display the American flag tomorrow. Despite the number of times the flag is displayed every year and the instructions that have been issued regarding it, many people hang it wrong. The following are the rules for displaying the flag:

The man in uniform salutes in military style when the flag goes up, but men in civilian clothes take off the hat and hold it against the left shoulder. Women stand at attention. In draping the colors the simplest rule to remember is that the stars and stripes always claim the place of honor, the forefront the right or the highest elevation. Another rule is that teh flag must never touch the ground. On Memorial day run the flag to the top of the mast; then half-mast it till noon. From noon till sunset let it fly from the top of the mast. It should be flown only when it is not raining and from sunrise till sunset.

In the horizontal position the stars are the upper left. In the vertical position in the upper right. The flag has an inside and an outside. This is the outside—Notice the hem. When the flag is draped with an allies flag or any other banner it should be at the onlookers right. Don't sew the flag into a sofa pillow. Don't use it as a silk handkerchief. Don't twist it into fantistic designs. Don't use it in any form of advertising. Don't let it trail in the dust when handling it.

Everyone put up the colors in a conspicuous place Wednesday and attend the celebration with the American Legion.

Mr. and Mrs. J. J. Kegin will leave tomorrow for Kansas City to visit Mr. Kegin's brother, E. P. Kegin, and family.

CONVICTS CONVERSE AT PENITENTIARY

SILENCE RULE HAS BEEN ABANDONED BY KELYY POOL.

ONLY FEW VIOLATIONS

Chairman of Pardon Board Wants to Give Humane Treatment at Jefferson City Institution.

Jefferson City, July 3.—The ray of light that entered the walls of the state penitentiary the first part of last week when the silence rule during meal times was abandoned is greatly appreciated by the inmates. J. Kelly Pool, in charge of pardons and paroles, says there has not been a single infraction of the rule.

This is temporary and if it is abused in any manner it will be suspended, but the men seem to honor this privilege given them. During meal time they seem happy and were talking in low tones. No loud voices could be heard.

The silence rule has been in effect for eighty-seven years because conditions were then so that group conversing was dangerous. It was used as a means to keep men from hatching up plots to escape, but conditions have changed. "It is the purpose of the prison board to give the prisoners all the privileges possible and at the same time enforce strict discipline," said Mr. Pool. Just recently the men have been allowed to smoke after meal times.

According to Mr. Pool the men serving life term sentences give less trouble than those serving short sentences because the men of the latter group continue to come back for the same offences.

Although there are several gray-haired men among the prisoners, still the fact is that a large majority of them are young men in the twenties, probably most of them ranging from 20 to 23 years of age. Mr. Pool says that the prisoners coming to the penitentiary now are much younger than in former years. There are now 2,226 male prisoners and 40 female prisoners of which 40 per cent are negroes. The total is 600 less than the number of prisoners six years ago.

Mr. Pool said over 92 per cent of all prisoners paroled never come back; they make good. One man that served a sentence in the Missouri penitentiary is now assistant cashier of a bank in Seattle, Wash., and another paid income tax on $38,000 last year. This shows that men do make good after leaving the penitentiary.

In addition to being a place to punish criminals, the Missouri penitentiary is a great manufacturing plant. A. T. Hollenbeck, director, says for the first time in its history it is absolutely self-sustaining. The receipts from the articles produced are more than the entire cost of running the institution. The board is not using the appropriation made by the legislature.

The penitentiary covers sixteen and one-half acres, but there are about 1,000 acres of farm land cultivated and operated by the prisoners. There are six factories which manufacture overalls, shirts, shoes, brooms, binder twine, rope and other articles.

When a man comes into the institution he is put to work at his trade and if he has none, he is put to work wherever he can be used best. Each prisoner has a daily task to perform; some of them complete this sooner than others and are permitted to do extra work for which they are paid. The men have the privilege of sending their earnings to those formerly dependent upon them or making purchases for themselves as they choose. A great many spend their earnings for tobacco, newspapers, magazines and delicacies bought at the penitentiary.

The institution is run under a merit system. When a new prisoner enters he is given credit of five months for each year of his sentence, and accordingly, if his conduct warrants, will be released when he has served seven-twelfths of his sentence. For different violations penalties are assessed and each violation is charged with a given number of days. Those who persist in misconduct are compelled to remain the full length of their sentence.

Roosevelt's Remarkable Memory

Story Told by Col. I. T. Pryor of San Antonio, Texas.

The following story in Sunday's Kansas City Star concerning Roosevelt's remarkable memory is by Col. I. T. Pryor of San Antonio, Texas, father of I. T. Pryor, Jr., of Fort Stockton, Texas, who with Mrs. Pryor, have been visiting Mrs. Pryor's parents, Judge and Mrs. W. C. Ellison:

The late Col. Theodore Roosevelt had a remarkable memory, according to Col. I. T. Pryor of San Antonio, Texas. It was while Roosevelt was police commissioner of New York City that he made an unexpected visit to Colonel Pryor's "77" ranch, situated about one hundred miles southwest of San Antonio. In those days, javelines, the Mexican wild hogs or boars, abounded and were a serious menace to men as well as to cattle.

One day while Roosevelt was trailing through the chaparral alone he was sighted by a drove of the boars, who often ran thirty or forty strong. He used all the ammunition he had on them, and as the survivors closed in the hunter became the hunted and took refuge in a mesquite tree. There he remained from early morning until late afternoon, when he was rescued by his guide with a fresh supply of ammunition. That was the first thrilling hunting experience the Colonel ever had and he learned things out there on "77" that he never forgot.

"Roosevelt never forgot anything," Colonel Pryor said recently. "Let me tell you what a wonderful memory he had.

"About two years before Roosevelt died—and, in the meantime he had fought in the Spanish-American War, been governor of New York and President, and had been on hunting trips in Africa and South America—they gave him a dinner in Kansas City. I happened to sit next to him and just as soon as we all got settled, Roosevelt turned to me and said:

"'I'm not just sure that I can tell your name, but didn't I go hunting on Ranch 77, which belonged to you, down close to Uvalde, Tex., about thirty-five years ago? Oh, yes, I can remember your name now. You are Col. I. T. Pryor of San Antonio. Whatever became of that Mexican peon they called Shorty, who used to go around with me, and who shot the javeline the time it got me up a tree?

"'His horse used to hold his breath every time his rider shot from his back, and he's the only horse I ever knew that did that. That horse was afraid of a gun, but he was too game to show it. What did you ever do with that splendid grove of pecan trees on 77? I never saw finer trees anywhere, and I've often wondered if you ever let any of them be cut down?'"

Colonel Pryor says that Roosevelt remembered things on that ranch he had forgotten himself, and asked him questions that he couldn't answer. Colonel Roosevelt told him, at this banquet that he had saved the hide of the javeline that got him up a tree. He had always used it as a rug wherever he had lived. He had it before his desk in the White House when he was President.

Mrs. Kate Ardery of St. Joseph arrived in Maryville this noon and will visit at the C. T. Bell home for a few days.

Empire Theatre

WEDNESDAY AND THURSDAY

Where fiery Spanish passions, where Spanish ideals of honr still cling to the American West—that's the setting of Peter B. Kyne's greatest story. A virile romance gay with color and bold with adventure. And throwing a new light upon America's gravest problem. Directed by the man who made "Humoresque."

Cosmopolitan Corporation Presents

"The Pride of Palomar"

Doctor Issues Hot Weather Pointers

Urges Substitutes For Meat, Such As Eggs, Cheese and Milk During Summer

Jefferson City, July 3—During the hot days of summer the physical comfort and wellbeing of the average Missourian is largely dependent upon the food he eats, according to Dr. I. B. Krause of the state board of health when he was asked for suggestions for hot weather diet.

"The foods which we eat have three functions in the human body—to rebuild body tissue, to produce energy and keep up the bodily heat," Doctor Krause said. "The tissue-building foods are teh protiens, such as meat, eggs, cheese and milk. The energy and heat producing foods are the fats, such as butter, oil, cream and the carbohydrates or starches—potatoes, bread, sugar and the like.

"The aim in choosing our summer foods should be to choose those which require teh least work of our digestive system, and yet to have a properly balanced diet.

"We will require some tissue-building foods. Meat an despecially fried meats are the most difficult to digest, therefore we should use the meat substitutes, as eggs, cottage cheese or milk whenever possible. Broiled, boiled or roast meats which have very little fat are to be preferred to the heavier fried meats.

"The average person takes less exercise in the summer and expends less energy. Therefore we want to eat less of the energy and heat-producing foods. Less bread should be eaten and that which we do eat should be light bread made from whole wheat or graham flour. Less of the starchy foods—potatoes, macaroni and rice, and more of the bulky leafy vegetables—lettuce ,tomatoes, string beans, spinach, peas and cabbage, should be eaten.

"It is especially advisable to eat very little of heavy pastries and rich cakes during the warm weatehr. Our deserts should be fresh fruits, simple custards, sherbets or ice cream. Not only are these deserts easier on our digestive systems, but they require much less time and work on the part of the housewife.

"There is great loss of body fluids in hot weather through perspiration. We should drink an abundance of cool water, preferably not iced. Iced tea, lemon or orangeade, and grape juice are cooling and beneficial drinks for summer.

"In general, Doctor Krause concluded, "our summer diet should consist of fruit, leafy vegetables, milk, eggs, whole wheat bread, lean meats and an abundance of pure fresh water to drink.

Real Estate Transfers Today.

Charles W. Litsch and Ora E. Litsch, his wife, have sold to J. Walter Gray and Ethel Gray 160 acres of land, three miles southwest of Hopkins. The consideration was $18,500.

Pearl Gerrin and J. C. Gerrin, her husband, both of Omaha, Neb., have sold to Maria Bever lots 13, 14 and 15 in block 23 in the original town of Burlington Junction. The consideration was $2,000.

Harriette E. Bagby and David D. Bagby, her husband, have sold to Anna V. Beattie lot 3 in the one-half block 7 in the northwest extension to Maryville. The consideration was $5,100.

2 KILLED AND FOUR INJURED IN COLLISION.

Mahoney City, Pa., July 3.—Two men were killed and four injured in an auto collision near here today.

WOMAN SO ILL COULD NOT STAND

Says Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

Glens Falls, N. Y.—"For over two months I was so sick I was not able to stand on my feet, and my husband did my housework. The doctor said an operation might be necessary. I read testimonial letters about Lydia E. Pinkham's Vegetable Compound and began to take it. Before I had finished taking the first bottle I saw what good it was doing me. I am now well and strong, doing all my work for a family of four, all my washing and my sewing, which I think is remarkable, as I had not dared to run my sewing machine, but had done all my sewing by hand. I truly feel that were it not for your medicine I would not be here today as my case seemed very serious."—Mrs. GEORGE W. BURCHELL, Glens Falls. N. Y.

Free upon Request

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free, upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information that every woman should have.

The County Agent's Column

WHEAT YIELDS ARE INCREASED

Clover Stand Also Insured By Use Of Acid Phosphate

Missouri farmers used 42,268 tons of commercial fertilizer last year of which 17,625, or more than 40 per cent was acid phosphat. In 1917 the acid phosphat used in Missouri amounted to less than 8 per cent of the State's fertilizer sales. This increase has been due partly to its lower cost, but more especially to the satisfactory returns that have been obtained.

The best returns have been obtained on wheat and the clover crop following. Experiments conducted by the Missouri College of Agriculture show that an application of 200 pounds of acid phosphate has increased the yield of wheat 5.77 bushels an dthe clover following, 1,222 pounds. Similar results have been obtained by farmers all over the state.

In forty-two demonstrations established by the College of Agriculture, this year, on fourteen different types of soil, outstanding beneficial results have been obtained on thirty-nine of the forty-two fields.

Perhaps no other one thing can be done with more success to insure a stand of clover than to use 150 to 200 pounds of acid phosphate when sowing the wheat.

Prepare For Alfalfa Now

Thorough discing, lime and phosphorus are all essential.

Those planning to seed alfalfa this fall must soon begin the preparation of the seed bed. The alfalfa seedlings are delicate for a time but after getting a good start, soon develop into hardy plants. The best seed bed for alfalfa is made by plowing the land reasonably deep, provided the plowing is done early enough to give the soil a long time to settle, and it is usually a good practice to disc the land before plowing. If it is impossible to plow the field early, then discing would be very beneficial. It would make a mulch, which would hold moisture so that the land would be in much better condition for plowing later on. A very frequent cause for failure with fall sowed alfalfa is plowing so late that the soil has dried out and can not be packed before time to sow the alfalfa. Unless the plowing can be done early enough for the seed bed to settle, it might be better not to plow it at all, but just to disc it thoroughly.

Throughout Missouri, alfalfa is greatly benefited by the use of ground limestone and phosphorus fertilizers. The best time to apply these fertilizers is while the seed bed is being prepared. Ground limestone is applied either before or after plowing and is thoroughly disced into the soil. Phosphorous fertilizers in the form of acid phosphate or bone meal can be applied and harrowed in just before seeding. Two hundred to three hundred pounds per acre is advisable.

How should the height of the tee be determined?

Answered by
BOB CRUIKSHANK

The man who, in 1921, defeated Hutchinson, Sarazen, and Barnes in an invitation tournament at St. Joseph, Mo.. Runner up in Pittsburgh tournament for professional golfers, 1922, being defeated only by Sarazen.

The height of the tee should be determined by the style of play of the individual, the lay of the land, and kind of ball to be used, and the wind. In driving where there are few, or no, obstacles, a player should use a medium-sized tee. On a windy day, playing with the wind, he should use a high tee and stand slightly behind the ball, this enabling him to hit the ball well into the air where it will receive all the benefit of the wind. Against the wind, a low tee should be used so that the trajectory of the ball will be on a straight, low line.

News From Over The County

Skidmore News.

Prof. J. W. Pierce, who is attending State Teachers College at Maryville, this summer, has joined the horseshoe pitching club. The first annual tournament was held last Thursday and Prof. Pierce defeated Masters by a 21-0 score. Look out boys when Professor returns this fall.

Linville & Riley unloaded a car of coal for the school house this week. The school board will probably save some money by buying the coal early.

A. E. Johnson, street commissioner, is doing some work on the streets this week. He has most all of the street in pretty good shape, but keeps making improvements where it is possible. He and C. W. Karr finished the hitch racks last Friday and have them in good shape.

Parnell Review.

The "Womanless Wedding," given at the M. E. Church here last Thursday night, was a success in every respect. The church was filled to its capacity, and enjoyed by all. The proceeds of the wedding and supper amounted to about $133.00.

Misses Mertie Hutchison, Merle and Gladya Lyle, who are attending the S. T. C. at Maryville, spent the week-end with home folks here.

Mrs. Emma Hobbs of Des Moines, Iowa, arrived Thursday of last week for a two weeks' visit with her parents, Mr. and Mrs. O. T. Hubbell and her sister, Mrs. S. O. Miller.

Burlington Junction Post.

Dr. L. E. Wallace left yesterday afternoon for St. Joseph to attend an osteopathic clinic there. He will return home this evening.

Mr. and Mrs. C. E. Walker and daughter, Pauline, were Sunday visitors at the home of Mr. and Mrs. Charles Gaugh of Maryville. Dr. and Mrs. M. A. Gaugh, who had been visiting in Maryville, returned home with them.

Dale, the little son of Mr. and Mrs. Charles Hutson of west of Burlington Junction, is recovering from a serious illness caused by drinking kerosene.

Misses Edith Engle and Hudred Deneen, who are attending school at Maryville this summer, were week-end visitors with home folks here.

Supt. Ross left Tuesday morning on a business trip to Topeka and Atchison, Kansas.

Clearmont News.

Three hundred spring Buff Orpington chickens were stolen Saturday night from Mr. and Mrs. John Houston of Burlington Junction. The robber occurred some time between 9 and 12 o'clock, while Mr. and Mrs. Houston were away from home. They had been in town and discovered the loss when they returned home.

Miss Mabel Price came over from Maryville Friday and visited with her brother, Will, and family until yesterday. Her nephew and niece, Carl and Elizabeth Price, went home with her for a visit.

Ravenwood Gazette.

Miss Helen Long is spending the week with relatives in Parnell.

Mrs. Rebecca Smith and daughter, Mrs. Nessa Bunch of Lemars, Iowa, arrived here Thursday for a visit with Mrs. Smith's sister, Mrs. Geo. Loomis. Mrs. Bunch return home Monday, but Mrs. Smith remained for a longer visit.

Mr. and Mrs. S. P. Ross and children, accompanied by County Agent, R. A. Kinnaird of Maryville, drove to Helena and Maysville Tuesday to look over the Holstein herds of Mr. Trachsel and Mr. Cook.

Rev. O. W. Burnett left Tuesday morning for Montgomery City, Mo., to attend a meeting of the Christian Church.

Harry Kissinger of Maryville was a guest the first of the week at the D. M. Bishop home.

MARYVILLE AND XENIA CELEBRATE

A BIG TIME IN NEIGHBORING TOWNS 53 YEARS AGO

WAS 94TH ANN.VERSARY

Of American Independence—3,000 Attended At Maryville and 1,200 At Xenia

Forty-two hundred persons attended the Fourth of July celebrations at Maryville and Xenia—fifty-three years ago. The Nodaway Democrat of Wednesday, July 6, 1870 contains the following of the two celebrations:

The 94th Anniversary of American Independence was appropriately celebrated in our city on Monday last. Though the weather was hot and the roads dusty there were at least three thousand persons in attendance, who were anxious to celebrate the birthday of the nation. The procession was formed on the public square, preceded by the Maryville Saxhorn band, immediately followed by the Union Presbyterian Sunday School of Maryville, carrying the best arranged and handsomest banner it has ever been our pleasure to see. The banner was composed of evergreens, flowers and ribbons of red, white and blue, tastefully arranged on two semi-circular bows, crossed at right angles in the center. The banner was surmounted by a circular wreath of the same material, encircling the motto, "Feed My Lambs." Immediately following was the M. E. Sunday School with beautiful and appropriate banners with the following mottoes: "In God We Trust;" "Search the Scriptures;" "Feed My Lambs;" "Love;" "Innocence." The procession marched to the grove on Fourth street, east of the court house, in charge of the Marshal of the Day, John Edward, Esq., and listened to appropriate speeches by J. S. Schenck, Dr. Talbott and others. The day was pleasantly spent, and one more year is added to the monument of liberty, the foundation of which was laid by our forefathers 94 years ago.

In the issue of the Democrat of June 29, 1870, the following are given as the committees for the Maryville 4th of July celebration:

On seats and stands—John Wiswell, Thomas Brown, N. Sisson, Fred Hastings and Ira K. Alderman.

On instrumental music—John Bell, A. Royal and H. H. Geiger.

On vocal music—William Anderson, Mrs. Carrie Briggs, Mrs. Prebble and Mrs. E. A. Edwards.

On toasts—B. K. Davis, I. V. McMillan and Rev. J. S. Barwick.

On Bible presentation—B. K. Davis, A. B. Cornell and A. P. Morehouse.

On contingent expenses—M. G. Roseberry, Mrs. Fred Hastings, Lettie Andrews, Sarepta Davis and Fannie Crawford.

On general arrangements—A. Royal president; John Edwards, secretary; I. K. Alderman, J. W. Walker, Mrs. E. Crawford, Mrs. S. H. Black and Mrs. Mollie Laffer.

At Xenia

Not less than twelve hundred persons assembled at Xenia on Monday, from which fact we infer that the Fourth of July must be popular in that country. The exercises were opened by the chaplain, Rev. L. V. Morton, after which came the singing of patriotic songs, followed by Lafe Dawson, Esq., in an able and eloquent address. Then dinner was announced and a magnificent dinner it was, and after the honors of the table were over, John McGaffey, Esq., delivered a short but very appropriate extempore speech, which was well received. Taken all together, the Fourth was a glorious day for Xenia, and will be long remembered by those who were so fortunate as to be in attendance.

THE
Vacation OF A Thousand Marvels

Yellowstone National Park—
—in Gardiner, out Cody

Roosevelt said: "The geysers, the extraordinary hot springs, the lakes, the mountains, the canyons, the cataracts unite to make the region something not wholly parallel elsewhere on the globe."

These and a thousand other wonders found nowhere else on earth, PLUS the thrilling grandeur of the Cody Road through the Buffalo Bill country—the land you will never forget—

That is Yellowstone Park on a Burlington-Planned Vacation.

The ideal and complete tour of Yellowstone Park is—in Gardiner, out Cody—because in no other way can the visitor gain the advantage of viewing the thrilling scenes between these rail gateways and the Park proper, or see the wonders within the Park in the order of their increasing importance. Nature's grand climax comes where it belongs. Ask anyone who has made the trip.

This unforgettable ninety-mile motor trip is included in your Burlington tour without side trip, extra transportation cost o rbother.

Via the Burlington, on a round trip ticket to Yellowstone alone, you can, without extra rail cost, visit Denver and the Coolrado Springs-Manitou-Pike's Peak region. You can, at small cost, visit peaceful and beautiful Rocky Mountain National-Estes Park, Colorado Glaciers, Clear Creek and Platte Canyon resort regions, the world-renowned Royal Gorge and other delightful Colorado pleasure spots. Two weeks, if that is your limit, is ample time for a glorious vacation, but three would be better, in the land of Eternal Wonder.

The low cost of the trip will surprise you.

If you are going farther West, you can conveniently visit Glacier or other National Park sen route. No matter where you want to go—West—the Burlington can take you there—its service is at your service throughout the entier West.

Gartin and Webb Go to Final Round

The combination of Gartin and Webb defeated the mixed team of Cook and Cook on the tennis court yesterday 7-5 and 6-1. In the first set Cook and Cook started out strong but were unable to stand the gait and dropped the set. The second set was more slow.

By virtue of this victory Gartin and Webb play Shelby and Cranor in the semi-final round. The winner of this match will meet the winner of the Lankford-Wells and DeMotte-Boyles match for the championship.

"The Song of Life" Showing at Empire

Wedgwood Nowell, who plays the important role of Richard Henderson in Louis B. Mayer's "The Song of Life," the First National attraction showing at the Empire Theatre to night is a celebrated screen actor with over 15 years experience on the speaking stage prior to his entry into films. Although he unintentionally assumes the role of a villian in his activities in this John M. Stahl production, Mr. Nowell is usually a villain by deliberate intent in his portrayals. As a suave, sleek Romeo and wrecker of homes, he holds an enviable professional record. In private life he is perfectly quiet, likable person, a lover of art and an inveterate bookworm.

During his career on the stage he appeared with many of the greatest stars of the past decade, including Blanche Bates, Henriette Crossman, William Faversham and Amelia Bingham.

In addition to his ability as an actor, he has won fame as a musical director and composer and as a producing stage-director of both dramatic and musical plays.

Directed by John M. Stahl, his work as the wealthy publisher in "The Song of Life" is one of the features of the picture.

Enrolls At S. T. C.

Mabel Curnutt of Maryville has enrolled in College this morning for the five weeks term.

Returns From Okla.

Miss Lucile Starr of the home economic department of the college returned last night from a week end business trip at Bartlesville, Okla.

A. F. Miller of Merriman, Neb., who has been visiting his brother C. C. Miller of Worth, Missouri, motored to Maryville this morning. He is taking Ralph Gladstone and Urith Miller back to Worth to spend the 4th.

Five Persons Examined at Conception Meeting

Only five persons were examined by the Nodaway County Health Department at Conception yesterday. Those examined were infants and pre-school children. The date of the meeting had been confused and this is why there were not more there.

Dr. C. P. Fryer, head of the health department, said that the roads between Maryville and Conception are extremely bad. It is almost impossible to get through at certain places, he said.

Late Telegraph News

Kansas City, Kan., July 3. — They don't have to be "shieks" but local policemen have got to "dress up" more if they want to keep their jobs, according to Chief of Police "Jack" Wollard.

According to reports to the chief, Kansas City, Kan., officers have not been paying much attention to their personal appearance, some of them often going on their jobs in only part uniform. This has to stop, and the men must "tidy up," the chief says.

Jefferson City, July 3.—A little human kindness has brought some happiness through the thick, gray walls of the Missouri penitentiary here, and the glassy, hard look in the eyes of most convicts has softened a bit.

For eighty-seven years inmates of the prison had been made to hold their silence while in the vast dining hall of the institution. Recently this rule was lifted, and the result has been remarkable in its effect upon the men, it is said. More smiles can be seen, and a graphic illustration of the sheer joy of human companionship is in evidence.

Cellmates always have been permitted to talk, so long as they conducted their brief conversations in low voices, but as anyone knows, it is at meal times that companionship constitutes real pleasure, and it has brought to the convicts realization they are people, not just numbers.

Kansas City, Mo., July 3.—Despite lower prices, Cupid is shirking here.

Up until the last week in June, 591 marriage licenses had been issued here for the month, compared to 597 for the same period last year, when prices were higher.

The hot weather is attributed with the slump.

St. Louis, Mo., July 3.—At a cost of $85,000, a radium emanation plant, one of the few in the world and probably the only one west of Chicago, will be built here this fall in connection with the City Hospital, according to an announcement by Dr. LeRoy Santi, Roentgenologist at the institution.

Plans for the plant have been worked out in detail. One-half gram of radium, valued at $40,000 will form the nucleus of the plant. It will be kept in a vault with tubes leading to it for the purpose of transferring the radium emanation to capillary tubes where it may be confined and sealed up for use in treatment of cancer and other diseases.
